

The CureLGMD2i Foundation is very excited to announce our 11th Annual Casino Night on October 2nd, 2021. We would like to invite you to join us for a hybrid event to benefit research and awareness programs for LGMD2i/R9.

CureLGMD2i was founded by the Brazzo family (shown above) when their daughter, Samantha, was diagnosed with a rare and progressive form of muscular dystrophy (LGMD2i). Over the years, the support of friends, families and local businesses has helped to make Casino Night our flagship fundraising event. Can you help us make this year's Casino Night a real success by sponsoring and/or donating a prize for auction? See below for details on how easy it is to sponsor or donate.

Over the past 11 years, CureLGMD2i has helped to fund the research and development of various therapies and treatments for LGMD2i. We are very excited to have two promising clinical trials that will likely improve the quality of life for patients living with this condition! However, we are still looking forward to funding the next generation of gene editing technology that will hopefully provide a cure for everyone in our LGMD2i family.

With your support, the CureLGMD2i Foundation will continue providing grants for these groundbreaking research programs, which inspire hope and empowerment to the LGMD2i community. We will not give up the fight until a cure is found.

We are a tax-exempt 501(c)3 and as such your donations are tax deductible. Tax ID#: 80-0680447. Thank you so much for your consideration and generosity!

Kelly Brazzo
