

(LGMD2i Patients, Families, & Researchers, June 2023)

We are very excited to announce our **Connecting for a Cure** Casino Night event for CureLGMD2i Foundation. Join us on Saturday, September 30th as we celebrate LGMD Awareness Day and raise funds for a cure for Limb Girdle Muscular Dystrophy Type 2i/R9 (LGMD). This is an event that offers both in-person and virtual participation options allowing everyone to *Connect for a Cure* to benefit research and awareness programs for LGMD2i/R9. CureLGMD2i was founded by the Brazzo family when their daughter, Samantha, was diagnosed at the age of two with a rare and progressive form of muscular dystrophy that had no treatment.

CureLGMD2i has helped to fund the research and development of various therapies and treatments for LGMD2i. We are very excited to have five promising clinical trials for treatments in development that can potentially improve the quality of life for patients living with this condition! We are committed to advocating for the approval of these potential treatments and supporting the next generation of gene editing technology that will hopefully provide a cure for everyone in our LGMD2i/R9 family.

With your support, the CureLGMD2i Foundation will continue providing funding for advocacy, awareness and research programs, which inspire hope and empowerment to the LGMD2i community. We will not give up the fight until a cure is found.

We are a tax-exempt 501(c)3 and as such your donations are tax deductible. Tax ID#: 80-0680447. Thank you so much for your consideration and generosity!
